David Ange Marcellin Junior Mea Andjou

593268-1
September 7, 2025

To Whom it May Concern:

Re: David Ange Marcellin Junior Mea Andjou
Carleton ID: 101297581
DOB: 29-DEC-05

The above named person has requested that we provide you with information regarding their Carleton University record.

The enrolment information contained in this letter for the above named person is correct as of: September 7, 2025

Two Terms - 2025/26 Fall-Winter
Bachelor of Engineering (CO-OP)
Software
Full-time Studies (Fall) / Full-time Studies (Winter)

Fall 2025 (September-December)

Course	Code		Status
Design/Analysis of Experiments	ECOR	2050	CUR
Software Development Project	SYSC	3110	CUR
Software Requirement Engineeri	SYSC	3120	CUR
Intro to Real-Time Systems	SYSC	3310	CUR
Operating Systems	SYSC	4001	CUR

Winter 2026 (January-April)

Course	Code		Status
Programming Languages	SYSC	3101	CUR
Real-Time Concurrent Systems	SYSC	3303	CUR
Software Econ. & Project Mgmt.	SYSC	4106	CUR
Software Architecture & Design	SYSC	4120	CUR

Academic Session
The normal duration of a term is 12 weeks with three hours of class instruction per week plus tutorials as required. In some programs such as Engineering and Science, students may have additional hours of class instruction, labs, tutorials, field study, etc. Courses offered during the Summer Term have equivalent workloads but are concentrated into a shorter period of time.

The academic year is divided into three terms:
Summer Term - May to August
Fall Term -   September to December
Winter Term - January to April

Courses are offered in the following patterns:
Early Summer - May and June
Late Summer - July and August
Full Summer - May to August
Fall term -   September to December
Early Fall - September and October
Late Fall - November and December
Winter term - January to April
Early Winter - January and February
Late Winter - March and April
Fall/Winter - September to April

Language
The language of instruction at Carleton University is English.

Undergraduate Programs
Definition of Full Time & Part Time for Undergraduate Students
A full-time undergraduate student is one who is registered in at least 1.5 credits per term. A part-time undergraduate student is one who is registered in less than 1.5 credits per term.

Year Equivalents

Number of Credits	Year Standing
Fewer than 4.0	First Year
4.0 to 8.5	Second Year
9.0 to 13.5	Third Year
14.0 or more	Fourth Year

Approximate Length of Undergraduate Programs (full-time studies)
  - Honours degrees (4 Years)
  -15.0 credit degrees (3 Years)
  - Undergraduate certificates/diplomas (1 Year)

Graduate Programs
Master's Program

Full-time
All master's students admitted as full-time students must normally complete their degree requirements within two calendar years after the date of initial registration, unless their program states otherwise and regardless of any subsequent change of status to part-time. Terms of non-registration are equated to full-time registration terms when calculating the overall time to program completion.

Part-time
All master's students admitted as part-time students must normally complete their degree requirements within six calendar years after the date of initial registration, unless their program states otherwise. Terms of non-registration are equated to part-time registration terms when calculating the overall time to program completion. A change of a student's status from part-time to full-time status will result in a pro-rated reduction in the required time to completion for each subsequent term of full-time study.

Doctoral Program

Full-time
All Ph.D. students admitted as full-time students and admitted on the basis of a master's degree must complete the Ph.D. degree requirements within six calendar years after the date of initial Ph.D. registration unless their specific program provides for a different time limit. Terms of non-registration are equated to full-time registration terms when calculating the overall time to program completion.

Part-time
All Ph.D. students admitted as part-time students must complete the degree requirements within nine calendar years after the date of initial Ph.D. registration. Terms of non-registration are equated to part-time registration terms when calculating the overall time to program completion. A change of a student's status from part-time to full-time status will result in a pro-rated reduction in the required time to completion for each subsequent term of full-time study.
